

Chicago, Illinois, March 2, 2023

David R. Andalco
Founder & CEO
Wynndalco Enterprises

Dear David,

We are very grateful for your generous donation of three computers granted to the finalists of the competition for the best business plans among the graduates of the second generation of the "*Programa Consular de Emprendimiento para Mujeres en el Exterior*" (Consular Program of Entrepreneurship for Women). These resources will help them improve their technical skills, much needed in the business environment.

This initiative of the Mexican Ministry of Foreign Affairs through the Institute of Mexicans Abroad and the Consulate General of Mexico in Chicago, aims at empowering women entrepreneurs in our community. We are grateful to have the support of invaluable partners such as the Illinois Hispanic Chamber of Commerce, ESDC, Resurrection Project, *Mujeres Latinas en Acción*, and Red Global, joining efforts to provide the participants with the basic tools to start their own businesses.

After a great success with two previous editions, 25 women have graduated and already over 60 have submitted applications for the third edition that will run from March 27 to July, 2023.

Knowing your commitment with the empowerment of the Hispanic community and your leadership promoting education and entrepreneurship, we invite Wynndalco to continue supporting this initiative, which we are certain, will have a significant impact in improving the well-being of women and, ultimately many families in our community.

Sincerely,

Amb. Reyna Torres Mendivil
Consul General of Mexico in Chicago
